Put Your Science to WORK!

Peter Fiske, PhD

*Author of "Put Your
Science to Work – The
Take-Charge Career
Guide for Scientists"*

Scientist and Author **Peter Fiske, PhD**, will present a thorough and practical overview to the process of career planning and job hunting in today's job market. Dr. Fiske is a nationally-recognized author and lecturer on leadership and career development for young scientists. Recognizing that most young scientists possess a range of valuable "transferable skills" that are highly sought after by employers in and out of science, he will cover specifics of career planning and job hunting, and with each topic he will discuss the challenges and opportunities faced by those with advanced degrees in science.

Come broaden your horizons, strengthen your skills, and prepare for **YOUR** future!
