

Imaging Landmarks of Head and Neck Cancer

Hugh D. Curtin, MD
Professor of Radiology
Harvard Medical School
Chief of Radiology
Mass Eye and Ear

Date: Tuesday, January 9, 2018

Time: 5:30 PM - 6:30 PM

University Campus: Radiology Conference Room, S2-819

Program Objectives:

1. Participant should be able to identify the pterygopalatine fossa on CT or MRI.
2. Participant should be able to describe the retromolar trigone and its relationship to the anterior tonsillar pillar.
3. Participant should know the surgical importance of the anterior commissure and paraglottic space of the larynx.

Accreditation Statement: This activity has been planned and implemented in accordance with the Essentials Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME). The University of Massachusetts Medical School is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement: The UMMS designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Statement of Faculty Disclosure: It is the policy of the University of Massachusetts Medical School to ensure fair balance, independence, objectivity and scientific rigor in all activities. All faculty participating in CME activities sponsored by the University of Massachusetts Medical School are required to present evidence-based data, identify and reference off-label product use and disclose all relevant financial relationships with those supporting the activity or others whose products or services are discussed. Faculty disclosure will be provided in the activity materials.
