

Join the weSPARC Insight Advisory Board!

The Implementation Science & Practice Advances Research Center (iSPARC) is a Department of Mental Health Research Center of Excellence based at UMass Chan Medical School. iSPARC conducts research to enhance services for people with mental health and substance use conditions with the goal of promoting their recovery and improving their quality of life.

Want your voice heard about how to deliver high-quality services?

Are you a person with lived mental health experience?

Do you have experience with substance use recovery?

Want to help us do research that matters?

What is the weSPARC Insight Advisory Board?

- A group of people with lived mental health and/or substance use recovery experience who have unique, valuable perspectives.
- Board members advise and help guide research projects aimed at improving mental health and substance use recovery services across Massachusetts and beyond.
- The Board ensures that iSPARC projects make a real difference to persons with lived experience.

What is involved if I join?

- Monthly Zoom meeting
- First Friday of each month from 12:00pm – 1:30pm Eastern time

Benefits of membership

- Compensation of \$40 per hour (\$60 per meeting).
- Your voice is heard, and you can make a difference!
