

Inform. Inspire. Connect.

Advancing Disability Inclusion in the Workplace

Work Without Limits is a network of employers, educational institutions, employment service providers, and government agencies.

Through collaboration and partnership, our goal is to increase the employment of people with disabilities until it is equal to those without disabilities.

Work Without Limits programs and services are geared to meet the needs of businesses that actively recruit people with disabilities, individuals with disabilities who are seeking jobs, and the employment providers that serve them.

Programs and Services

Business Network

The Work Without Limits Business Network is a consortium of private and public sector employers committed to the inclusion of people with disabilities as employees, customers, and suppliers. Members share information, resources and best practices to build confidence and success when including people with disabilities in their workplaces.

Benefits Counseling

Our Benefits Counseling service specializes in assisting individuals to understand how work and other income affects public benefits such as SSI, SSDI, Medicaid, Medicare, SNAP, TANF, and Subsidized Housing. Our benefits counseling services include:

- Our [Work Incentives Planning and Assistance \(WIPA\)](#) program serves SSI and SSDI beneficiaries who are working, actively seeking employment, or have a serious intent to work.
- Our [Employment Network \(EN\)](#) serves SSI and SSDI beneficiaries who have a short- or long-term employment goal of becoming independent of Social Security disability benefits. Our EN also provides the administrative functions that allow community-based organizations and state agencies to access payments through the Social Security Ticket to Work program.

Through a formal contracting process, private and public organizations engage us to provide benefits counseling to their constituents receiving public assistance but ineligible for our WIPA or EN programs.

Programs and Services

Training & Consulting

Work Without Limits provides:

- [Disability Inclusion trainings](#) for employers to build their capacity to successfully include individuals with disabilities in their workplaces.
- [Public Benefits and Employment trainings](#) for employment service providers to address some of the biggest employment challenges that people with disabilities face including how work income affects public benefits.
- [Consulting Services](#) to enhance and accelerate an organization's strategic disability inclusion goals.

Hire Thinking

HIRE Thinking is the innovation component of Work Without Limits. Our team collaborates with state and national organizations, speaks at industry events, and awards outstanding models of inclusion. We also create, participate in, and evaluate programs that further Work Without Limits' mission.

Jobs Board

In partnership with Our Ability, Inc., Work Without Limits offers a virtual gateway for job seekers with disabilities and employers looking to hire.

Community Partners

Work Without Limits forms reciprocal and cross-collaborative relationships with organizations that provide employment services to individuals with disabilities to connect them with our Business Network.

Career Fair

The Work Without Limits annual virtual Career Fair connects qualified job seekers with disabilities with leading disability-inclusive employers seeking to hire.

Resources

Work Without Limits offers an extensive library of resources for employers and job seekers.

Events

Work Without Limits offers educational and networking events for employers, service providers, and individuals with disabilities.

Sponsorships

Work Without Limits offers organizations opportunities to promote their brand as a disability inclusion leader and contribute to impactful and inclusive change for individuals with disabilities.

WorkWithoutLimits™
— PUTTING ABILITIES TO WORK —

Work Without Limits, an initiative of ForHealth Consulting at UMass Chan Medical School, is a network of engaged employers and innovative, collaborative partners with a shared mission to increase the employment rate of people with disabilities. Our goal is for the employment rate of people with disabilities to be equal to that of people without disabilities.
